ADVANCED ECOPRINT

Monday 18 - Thursday 21 March 2024 | 9 am – 4 pm

Materials list

- Name tag
- Coffee mug
- 2 litres of vinegar

Fabrics: participants should bring a range of fabrics to sample. This listing is a guide as a minimum

- 2 metres of linen
- 2 metres of hemp
- 1 metre wool twill
- 1 metre silk - crepe de chine is very nice
- 2 metres of cotton

The fabrics should be ready for dyeing, eg linen, cotton especially should be scoured.

- Also needed will be 3 or 4 metres of fabrics suitable for use as dye, tannin or iron blankets. Top of the range “blanket” or carrier cloth is French Terry, however it can be a bit expensive so an alternative can be old flannelette sheeting or cotton jersey or sometimes cheap polar fleece, ie whatever I find at the Op shop or Spotlight sales. Whatever you use can be washed and used again.
- Somethings to roll bundles on, these can be metal, wood or heat resistant pvc. The most important thing is length. Length is determined by pot size, at the moment it seems that the maximum length will be 35 cms. You will be notified if this changes. Bring up to 6.
- String
- Apron.
- Dust mask
- Safety glasses
- Tongs
- Waterproof texta
- A painters plastic drop sheet, it is with reluctance I specify this as I don't use plastic in my studio but to avoid cross contamination of students work in a workshop situation it might be needed.

- Two plastic buckets
- Stirring spoon
- Scales if you have them to be share with group
- Packet of wheat bran
