

GRAMPIANS TEXTURE

Saturday 19 - Thursday 24 March 2022

9 am – 4 pm

The venue for your workshop will be advised in February 2022.

All workshops are held in Halls Gap. Morning tea and lunch are provided in your classroom.

CREATIVE RESEARCH MASTERCLASS: EXTENDING AND DEVELOPING CREATIVE PRACTICE

Tutor: Nicole Barakat

Materials list

- Name tag
- Coffee mug

Materials and resources; a small collection of tools that you're currently interested in, a simple sewing kit with needles, thread, scissors, a variety of drawing and mark making media, a notebook, camera/phone and preferred digital device (laptop/tablet), a collection of materials to work with, a small selection of unusual materials to share.

The materials you bring will be used for playing and experimenting, so you won't need large quantities. It is important to bring materials that are currently speaking to you and make you curious. Choose materials that may include personal, cultural or historical connections for you.

Please note – detailed masterclass preparation/research will be sent out shortly. These will be integral to the masterclass, so please ensure you allow sufficient time to do this preparatory work
